CAREER
MENTOR

aicareermentor.co.uk

NEW ROLE · FIRST JOB · CAREER CHANGE

You rehearse it in your head. You still have no idea if you're any good.

AI Career Mentor puts you in a real interview — questions read aloud, your spoken answers scored on content, delivery and presence, with a model answer to learn from. So when the real one comes, you've already done it.

The screenshot displays the AI Career Mentor web application interface. At the top, the browser address bar shows 'aicareermentor.co.uk/practice'. The interface is divided into several sections:

- Header:** Includes the AI Career Mentor logo and a user profile icon with the text 'Exit to practice setup'.
- Question Panel:** Displays 'Question 1/5' and 'Typed answers only'. Below this, it says 'Competency / behavioural - Standard - Focus: Balanced'. The question text is 'Tell me about yourself and why you're interested in this role.' There is a 'Back' button.
- Answer Editor:** Features a 'Your answer' section with a green checkmark and the text 'AI feedback is ready'. Below this is a 'Model answer' section containing a detailed response about a recent graduate's experience. There are 'Get AI feedback' and 'View feedback' buttons.
- Feedback Section:** Shows an 'AI feedback' score of '8/10' with the text 'Structured answer review, delivery insight, and a stronger model answer.' Below this are six performance metrics: Overall (8/10), Content (8/10), Clarity (8/10), Relevance (8/10), Structure (8/10), and Confidence (7/10). There are 'Clear answer' and 'Get feedback' buttons.
- Navigation:** A 'Next question' button is located at the bottom right.
